

Technical Data Sheet: PVC/COLOURED, ID.: 24PVC50MK

Status: 08/2023

Coloured protection film with transparent natural rubber adhesive for indoor applications. The adhesive tape is especially suitable for the protection of surfaces and technical applications. Because of the backside coating this adhesive tape is easy to unwind.

PROPERTIES

- / high tensile strength and stability
- / good immediate tack
- / easy unwinding
- / low elongation
- / moisture resistant
- / resistant to diluted acids and alkalies
- / temperature resistant: after application at room temperature from approx. -20°C up to +70°C
- / short term for indoor application
- / suitable for recycling processes
